Re: Application of Big Rivers Electric Corporation
for Approval of Electrical Interconnection Service
to Thoroughbred Generating Company, LLC

Case No. 2005-00300

Dear Ms. O'Donnell:

I represent Gary Watrous, who was an intervenor in Case 2002-150 before the Kentucky State Board on Electric Generation and Transmission Siting, which is currently on appeal to the Mulhenberg County Circuit Court in Civil Action No. 03-CI-00607, styled *Thoroughbred Generating Co. v. Kentucky State Board, et, al.*

I have been served a courtesy copy of the proposed Interconnection Agreement between Thoroughbred Generating Company, LLC, and Big Rivers Electric Corporation, and believe that, to the extent an Order is entered binding the parties to the terms and conditions of the filed Interconnection Agreement, that the agreement adequately addresses the concerns that Mr. Watrous had raised before the Board that assurances were needed that all costs associated with necessary interconnections and upgrades will be borne by the applicant and not be passed along to ratepayers of the system that interconnects with or carry the Thoroughbred load.

Cordially,

Counsel for Gary Watrous
